It was the dawn of the third age of mankind – ten years after the Earth-Minbari War. The Babylon Project was a dream, given form. Its goal: to prevent another war, by creating a place where humans and aliens can work out their differences peacefully. It's a port of call – home away from home – for diplomats, hustlers, entrepreneurs, and wanderers. Humans and aliens, wrapped in two ...

The transfer point on Io is an important outpost for the Earth Alliance since the primary jumpgate of the Sol system orbits the moon. Space Station Io also orbits nearby; the base is second in size only to the Earth Alliance colony on Mars, and is the one most generally used by Earthforce. Similar in some ways to the station Babylon 5 itself, Io functions both as a civilian and military way station for most out-of-system traffic, especially those ships too small to have their own jump engines.
