GABORONE, Botswana (AP) - A huge diamond weighing more than 1,000 carats, which could be the third-largest mined in history, has been discovered in the southern African country of Botswana.

A comprehensive guide to the political history of the twelve Southern African developing countries since the demise of Colonialism.

The combination of breathtaking scenic beauty, fabulous wildlife, and peace-loving citizens makes Botswana a favorite of tourists from all over the world. This country in the heart of southern Africa is also the homeland of a proud people, the Batswana, who have created a vibrant democracy. Since Botswana won its independence in 1966, it has become one of Africa's leading economies. In particular, Botswana's diamond industry provides many people with a comfortable life. However, the AIDS epidemic has hit Botswana particularly hard, as a high percentage of people are infected with the disease. Today, the government is working with all Batswana to end this threat to their beloved country.

The fourth edition of the Historical Dictionary of Botswana\_through its chronology, introductory essay, appendixes, map, bibliography, and hundreds of cross-referenced dictionary entries on important persons, places, events, institutions, and significant political, economic, social, and cultural aspects\_provides an important reference on this burgeoning African country.

Sectoral progress report to the SADC Conference, Maputo, Republic of Mozambique, 29-30 January 1998.
