Florida Civil Trial Preparation includes new user-friendly formatting, and addresses amended rules, revised statutes, and new case law, including the following: Revised statutes and rules addressing: Admissibility of expert testimony Required content of motions Confidentiality of mediation sessions New case law addressing Severing or consolidating claims, amending pleadings, and adding punitive damages claim to complaint Electronic discovery, privileged information, and sanctions for failing to comply with discovery orders Basis for and effect of disqualifying the trial judge Attorney ' s potential liability following withdrawal Offers of settlement, and wisdom and effect of voluntary dismissal The edition is replete with valuable practice

FasTrain Florida Civil Trial Preparation is designed to guide the attorney through all phases of trial preparation, from interviewing the client to preparing the closing argument and jury instructions. Details regarding trial notebooks, pretrial motions, discovery, and evidentiary issues are provided to help the attorney focus and advance the case, and settlement options are explored as a prudent alternative to trial. Each phase of preparation is individually covered, and thoroughly cross-referenced. Ervin Gonzalez, an outstanding, nationally recognized trial attorney, generously shares his valuable practice strategies and guidance in this thorough, easily digestible manual. Highlights of this edition include recent rule amendments addressing: • case management conference requirements; • electronic filing of pleadings; • electronic service of pleadings and documents; and • computation of time. Additionally, new articles and case law are discussed addressing issues such as: • disqualification of judges; • discovery of electronically stored information and privileged information; • remedies for failure to comply with discovery orders; • motions for summary judgment and responses thereto; and • exceptions to the right of voluntary dismissal.

To help advance your case smoothly and efficiently, the Florida Practitioner's Guide®: Civil Trial Preparation provides detailed coverage of trial notebooks, pretrial motions, discovery, and evidentiary issues. Settlement options are also explored in detail as an alternate to trial. In addition to addressing amended rules, revised statutes, and new case law, the Tenth edition provides updated forms and coverage of the following hot topics: COVID-19 pandemic's impact on trials and depositions Current judicial split over the award of punitive damages and express or affirmative findings Award of attorneys' fees and requests for admission that would resolve the ultimate issues, if admitted, versus requests for admissions that go to establishing a relevant fact Florida courts' recent holding that an order granting a motion to sever is not an appealable nonfinal order Court-ordered, nonbinding arbitration and the recent determination that a ""request for a trial de novo,"" has the same meaning as a ""motion for trial""

This is a practical and detailed reference guide to the procedure for taking a case to the European Court of Human Rights (ECHR). As well as explaining the principles of the European Convention on Human Rights (and its role in UK law), the book provides step-by-step guidance on the practices and procedures involved in bringing a case before the ECHR, ensuring that practitioners have a comprehensive guide to practising in the Court.The new edition will provide an update on the relevant procedures, case law and problem areas, as well as including a clear explanation of the organisation and structure of the ECHR, the latest trends in case sources and topics, and coverage of key provisions and general principles organised by subject area.

Making use of two case studies which run throughout the book, this text provides student-focused coverage of the key procedures central to the civil litigation process. Innovative diagrams in the form of a timeline help students see how the procedures fit together, while costs and professional conduct issues are clearly highlighted.
