Street's Bluff disaster in U.S. history. Confidence Game: How a Hedge Fund Manager Called Wall Street's Bluff is the story of Bill Ackman's six-year campaign to warn that the \$2.5 trillion bond insurance business was a catastrophe waiting to happen. Branded a fraud by the Wall Street Journal and New York Times, and investigated by Eliot Spitzer and the Securities and Exchange Commission, Ackman later made his investors more than \$1 billion when bond insurers kicked off the collapse of the credit markets. Unravels the story of the credit crisis through an engaging and human drama Draws on unprecedented access to one of Wall Street's best-known investors Shows how excessive leverage, dangerous financial models, and a blind reliance on triple-A credit ratings sent Wall Street careening toward disaster Confidence Game is a

Street "Emperor's New Clothes," a tale of widespread delusion, and one dissenting voice in the era leading up to the worst financial disaster since the Great Depression.

A revealing look at Wall Street, the financial media, and financial regulators by David Einhorn, the President of Greenlight Capital Could 2008's credit crisis have been minimized or even avoided? In 2002, David Einhorn-one of the country's top investors-was asked at a charity investment conference to share his best investment advice. Short sell Allied Capital. At the time, Allied was a leader in the private financing industry. Einhorn claimed Allied was using questionable accounting practices to prop itself up. Sound familiar? At the time of the original version of Fooling Some

The inside story of the clash of two of Wall Street's biggest,

Get Free Confidence Game How Hedge Fund Manager Bill Ackman Called Wall

richest, toughest, most aggressive players--Carl Icahn and Bill Ackman--and Herbalife, the company caught in the middle With their billions of dollars and their business savvy, activist investors Carl Icahn and Bill Ackman have the ability to move markets with the flick of a wrist. But what happens when they run into the one thing in business they can't control: each other? This fast-paced book tells the story of the clash of these two titans over Herbalife, a nutritional supplement company whose business model Ackman questioned. Icahn decided to vouch for them, and the dispute became a years-long feud, complete with secret backroom deals, public accusations, billions of dollars in stock trades, and one dramatic insult war on live television. Wapner, who hosted that memorable TV show, has gained unprecedented

Get Free Confidence Game How Hedge Fund Manager Bill Ackman Called Wall

access to all the players and unravels this remarkable war of egos, showing the extreme measures the participants were willing to take. When the Wolves Bite is both a rollicking, entertaining read--a great business story of money and power and pride.

The dismal truth about hedge funds and how investors can get a greater share of the profits Shocking but true: if all the money that's ever been invested in hedge funds had been in treasury bills, the results would have been twice as good. Although hedge fund managers have earned some great fortunes, investors as a group have done quite poorly, particularly in recent years. Plagued by high fees, complex legal structures, poor disclosure, and return chasing,

Get Free Confidence Game How Hedge Fund Manager Bill Ackman Called Wall

investors confront surprisingly meager results. Drawing on an insider's view of industry growth during the 1990s, a time when hedge fund investors did well in part because there were relatively few of them, *The Hedge Fund Mirage* chronicles the early days of hedge fund investing before institutions got into the game and goes on to describe the seeding business, a specialized area in which investors provide venture capital-type funding to promising but undiscovered hedge funds. Today's investors need to do better, and this book highlights the many subtle and not-so-subtle ways that the returns and risks are biased in favor of the hedge fund manager, and how investors and allocators can redress the imbalance. The surprising frequency of fraud, highlighted with several examples that the author was

Get Free Confidence Game How Hedge Fund Manager Bill Ackman Called Wall

Street Bluff
able to avoid through solid due diligence, industry contacts, and some luck Why new and emerging hedge fund managers are where generally better returns are to be found, because most capital invested is steered towards apparently safer but less profitable large, established funds rather than smaller managers that evoke the more profitable 1990s Hedge fund investors have had it hard in recent years, but The Hedge Fund Mirage is here to change that, by turning the tables on conventional wisdom and putting the hedge fund investor back on top.

A hedge fund manager argues that failure is a necessary and

Get Free Confidence Game How Hedge Fund Manager Bill Ackman Called Wall

Street Bluff potentially profitable part of running a business, and recalls his experience helping businesses on the verge of failure become successful through strategic redirection.

"It ' s a startling and disconcerting read that should make you think twice every time a friend of a friend offers you the opportunity of a lifetime. " —Erik Larson, #1 New York Times bestselling author of Dead Wake and bestselling author of Devil in the White City Think you can ' t get conned? Think again. The New York Times bestselling author of Mastermind: How to Think Like Sherlock Holmes explains how to spot the con before they spot you. " [An] excellent study of Con Artists, stories & the human need to believe " —Neil Gaiman, via Twitter A compelling investigation into

Get Free Confidence Game How Hedge Fund Manager Bill Ackman Called Wall

the minds, motives, and methods of con artists—and the people who fall for their cons over and over again. While cheats and swindlers may be a dime a dozen, true conmen—the Bernie Madoffs, the Jim Bakkers, the Lance Armstrongs—are elegant, outsized personalities, artists of persuasion and exploiters of trust. How do they do it? Why are they successful? And what keeps us falling for it, over and over again? These are the questions that journalist and psychologist Maria Konnikova tackles in her mesmerizing new book. From multimillion-dollar Ponzi schemes to small-time frauds, Konnikova pulls together a selection of fascinating stories to demonstrate what all cons share in common, drawing on scientific, dramatic, and psychological perspectives. Insightful and gripping, the book brings

Get Free Confidence Game How Hedge Fund Manager Bill Ackman Called Wall

readers into the world of the con, examining the relationship between artist and victim. The Confidence Game asks not only why we believe con artists, but also examines the very act of believing and how our sense of truth can be manipulated by those around us.
