Off this review: Cruelty: Human Evil and the Human Brain By Kathleen Taylor (Oxford University Press)

Horrific murders sell supermarket thrillers by the millions; genocide, while deeply disturbing, is also an object of fascination. In an academic study of human cruelty, psychologist Kathleen Taylor describes how cruelty is both reviled and glorified, providing insight into the role it plays in societies and why the grotesque is attractive.

A common view of evil sees dehumanisation as fundamental. Yale psychologist Paul Bloom argues, however, that the picture may not be so simple. The most callous acts of cruelty and evil involve recognising the human feelings of the victim, their ability to feel shame and humiliation. Interview by Nigel Warburton
