Amazon.com: The Joshua Files: Ice Shock (9780802723024) ... Ice Shock by M.G. Harris is one of the best books I have read. This action-packed novel has a great plot, awesome action scenes, and many twists. My favourite part is when Simon Madison locks Josh in a cellar, because you can really empathise with the true terror Josh is feeling.

Ice Shock: The Joshua Files 2 - Kindle edition by Harris, ... Ice Shock was launched in the UK (Mar 2009) along with The Descendant, an ARG in which another story from The Joshua Files unfolded. The Descendant included material from a dozen websites, including videos, blogs and an avatar chat site, as well a clue printed in the UK edition of Ice Shock itself.

The Joshua Files: Ice Shock Book Review and Ratings by ... Joshua Files - Ice Shock 5/9/08 12:20 Page 11. The door to my house is open, swinging gently on the latch. There's no one in sight. It feels eerie - there's always someone hanging around in this neighbourhood. Today it's just me. The door blows open, inviting me in. Faintly, I hear music playing.

Joshua Files - Ice Shock Only this time he must do it alone, because as the stakes rise, Josh can no longer trust even his closest allies. In the next installment of the action-packed Joshua Files, Ice Shock will bring readers back to the secret world of the Mayan ancient civilization where the mysterious 2012 prophecy still threatens the world.

The Joshua Files: Ice Shock - Read book online by M.G. Harris includes books Invisible City, Volume 2 (Joshua Files), The Joshua Files: Zero Moment, and several more. See the complete The Joshua Files series book list in order, box sets or omnibus editions, and companion titles. 6 Books #1

Josh is certain that his father's death was no accident. To make things worse, he's starting to wonder if he can really trust his closest allies. But when he finds out a shocking secret about the legendary Ix Codex, he must journey to the secret Mexican city of Ek Naab, where the riddle of the mysterious Bracelet of Itzamna awaits him...

Back home in Oxford, Josh tries to resume his normal life and make sense of his Mayan adventures, but soon it becomes clear that he cannot escape destiny as he becomes more certain than ever that his father's death was no accident and his closest allies may not be trustworthy.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The only thing you'll find on the summit of Mount Everest is a divine view. The things that really matter lie far below. - Peak Marcello After fourteen-year-old Peak Marcello is arrested for scaling a New York City skyscraper, he's left with two choices: wither away in Juvenile Detention or go live with his long-lost father, who runs a climbing company in Thailand. But Peak quickly learns that his father's renewed interest in him has strings attached. Big strings. As owner of Peak Expeditions, he wants his son to be the youngest person to reach the Everest summit--and his motives are selfish at best. Even so, for a climbing addict like Peak, tackling Everest is the challenge of a lifetime. But it's also one that could cost him his life. Roland Smith has created an action-packed adventure about friendship, sacrifice, family, and the drive to take on Everest, despite the incredible risk. The story of Peak's dangerous ascent--told in his own words--is suspenseful, immediate, and impossible to put down.

The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

Special edition slipcase edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of The Fault in our Stars, Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.

The end of the Cold War ushered in an age of American triumphalism best characterized by the "Washington Consensus," the idea that free markets, democratic institutions, limitations on government involvement in the economy, and the rule of law were the foundations of prosperity and stability. The last fifteen years, starting with the Asian financial crisis, have seen the gradual erosion of that consensus. Many commentators have pointed to the emergence of a powerful new rival model: state capitalism. In state capitalist regimes, the government typically owns firms in strategic industries. Not beholden to private-sector shareholders, such firms are allowed to operate with razor-thin margins if the state deems them strategically important. China, soon to be the world's largest economy, is the best known state capitalist regime, but it is hardly the only one. In State Capitalism, Joshua Kurlantzick ranges across the world--China, Thailand, Brazil, Russia, South Africa, Turkey, and more--and argues that the increase in state capitalism across the globe has, on balance, contributed to a decline in democracy. He isolates some of the reasons for state capitalism's resurgence: the fact that globalization favors economies of scale in the most critical industries, and the widespread rejection of the Washington Consensus in the face of the problems that have plagued the world economy in recent years. That said, a number of democratic nations have embraced state capitalism, and in those regimes, state-backed firms like Brazil's Embraer have enjoyed considerable success. Kurlantzick highlights the mixed record and the evolving nature of the model, yet he is more concerned about the negative effects of state capitalism. When states control firms, whether in democratic or authoritarian regimes, the government increases its advantage over the rest of society. The combination of new technologies, the perceived failures of liberal economics and democracy in many developing nations, the rise of modern kinds of authoritarians, and the success of some of the best-known state capitalists have created an era ripe for state intervention. State Capitalism offers the sharpest analysis yet of what state capitalism's emergence means for democratic politics around the world.

An extraordinary exploration of how technology can empower social and political organizers For the first time in history, the tools for cooperating on a global scale are not solely in the hands of governments or institutions. The spread of the internet and mobile phones are changing how people come together and get things done--and sparking a revolution that, as Clay Shirky shows, is changing what we do, how we do it, and even who we are. Here, we encounter a woman who loses her phone and recruits an army of volunteers to get it back from the person who stole it. A dissatisfied airline passenger who spawns a national movement by taking her case to the web. And a handful of kids in Belarus who create a political protest that the state is powerless to stop. Here Comes Everybody is a revelatory examination of how the wildfirelike spread of new forms of social interaction enabled by technology is changing the way humans form groups and exist within them. A revolution in social organization has commenced, and Clay Shirky is its brilliant chronicler. "Drawing from anthropology, economic theory and keen observation, [Shirky] makes a strong case that new communication tools are making once-impossible forms of group action possible. . . . [an] extraordinarily perceptive new book." -Minneapolis Star Tribune "Mr. Shirky writes cleanly and convincingly about the intersection of technological innovation and social change." -New York Observer

In an effort to draw out the Union Army of the Potomac, the Confederate Army invades the North, and the armies clash in a bloody battle at Gettysburg, Pennsylvania, for four days.
