...High-tech and sci-fi thrillers by Daniel Suarez: *Daemon*, its sequel, *Freedom*, *Kill Decision*, and *Influx*. Synopsis: I write well-researched thrillers depicting cutting edge technology to explore issues and trends of the modern world. In my work I try to peer just over technology's horizon to provide a glimpse at a world that might be, or that's almost upon us.

Praise for Influx "You'll hear a lot of reviewers compare Suarez to [Michael] Crichton, including me for his previous book Kill Decision. And Suarez deserved the honor in the truest sense...he had achieved a truly Crichton-level of storytelling. But with Influx, Suarez becomes the master, and Crichton is the one who is honored by the comparison."

Daniel Suarez - IMDb

Influx is the fourth novel from Daniel Suarez, and as with his other titles it's a futurist thriller. Meticulously researched, it's presented as a thinking man's action movie, on paper. This time around the plot concerns technological advances hidden from humanity by a secretive and all pervasive American agency named the Bureau of Technology Control.

INFLUX | Kirkus Reviews

Influx is a fun read, though not as gripping as his Daemon series. The first half of the book is slower paced with a lot of technical information, but the pacing picks up in the 2nd half with the exciting action we've come to expect from Suarez.
