In this innovative and intimate memoir, a daughter tells the story of her mother, a pan-African hero who faced down misogyny and battled corruption in Nigeria. Inspired by the African philosophy of Ubuntu — the importance of community over the individual — and outraged by injustice, Dora Akunyili took on fraudulent drug manufacturers whose products killed millions, including her sister. A woman in a man's world, she was elected and became a cabinet minister, but she had to deal with political manoeuvrings, death threats, and an assassination attempt for defending the voiceless. She suffered for it, as did her marriage and six children. I Am Because We Are illuminates the role of kinship, family, and the individual's place in society, while revealing a life of courage, how community shaped it, and the web of humanity that binds us all.

UNDERBELLY HOOPS covers Carson Cunningham's final season in the storied and now defunct Continental Basketball Association (CBA). In the process, it takes a sober look at minor league professional basketball, as Cunningham tries to navigate a poor relationship with his coach and yet finish his career on his own terms by playing a final season and winning a championship. As UNDERBELLY HOOPS shows, the CBA was a realm where hopeful players desperately hung on and crusty motels might very well have no clocks. It was a place where a trainer could be ordered to fill the visiting team's cooler with warm shower water and a coach might tell a player (namely, Cunningham) that he was focusing too much on his marriage and child rather than basketball. It was also a place where entire hotel wings could become saturated with the pungent smell of marijuana. And yet, even as it chipped away at your dignity and made little economic sense to remain, the CBA drew you in with the allure of action and the prospect of an NBA call-up. And it could inspire, like when you and your teammates caught a rhythm that made you remember why basketball is such a beautiful game, or when you saw guys continue to strive, to persevere, even if their dreams weren't fully realized. "The hoops answer to Ball Four. By turns funny and poignant—and always self aware—this book allows fans into the locker room and huddle, yes, but also into the cortex of a professional basketball player. If Carson Cunningham could have jumped, run and created his shot off the dribble as masterfully as he writes and observes, he'd be starring in the NBA." —L. Jon Wertheim, Senior Writer for SPORTS ILLUSTRATED

Walk into Hinkle Fieldhouse, and you feel it—that palpable sense of history known as the Hinkle mystique. Indiana's basketball cathedral has stood in all its glory at Butler University since 1928. John Wooden, Oscar Robertson and Larry Bird played on its floor. Jesse Owens sprinted to a record at Hinkle, and athletes from around the globe have brought Olympic-level competition to crowds gathered under its steel arches. It was the setting for the climactic scene in Hoosiers, arguably the greatest sports movie ever made. It has hosted evangelists, ice shows, tennis matches, bike races and even roller derbies. Author Eric Angevine gets inside the paint in this complete Hinkle history, featuring archival photographs of the iconic structure and words from those who know it best.
