An in-depth overview of the emerging concept; Mobile Health (mHealth), mHealth Multidisciplinary Verticals links applications and technologies to key market and vendor players. It also highlights interdependencies and synergies between various stakeholders which drive the research forces behind mHealth. The book explores the trends and directions w

Sinclair Sexsmith presents a cornucopia of lesbian kink ? tantalizing tales rich in variety and saucy details of girls put in their place ? and held there firmly. A girly-girl reaps a sweet punishment for refusing to mess up her oh-so-pink lipstick and a well-equipped top takes charge. Whether readers dream of surrendering to a lover or of taking control, Say Please offers plenty of erotic inspiration and gives readers exactly what they want! In "The Cruellest Kind," Kiki Delovely's naughty narrator gets her just desserts from her butch girlfriend with some fierce back alley bondage while D.L. King's homme makes her submissive strip before an unseen audience, binds her to a bench, and gives her a good strapping in "A Public Spectacle." Anna Watson' bored housewife gets more than she bargains for in "The Keys" when she follows a lesbian animal trainer out to a queer bar and anything goes in Xan West's sexy "Strong" when a transgender butch and genderqueer sub engage in some very tough love.

Fast and addictive fun, full of fantastic new challenges

No issue in contemporary Pauline studies is more contested than Paul's view of the law. Headline proponents of the "new perspective" on Paul, such as E.P. Sanders and J.D.G. Dunn, have maintained that the Reformational readings of Paul have led to distorted understandings of first-century Judaism, of Paul and particularly of Paul's diagnosis of the Jewish situation under the law. Others have responded by arguing that while our understanding of Paul needs to be tuned to the clearer sounds now emanating from Jewish texts of the apostle's day, the basic Reformational insight into Paul's analysis of the human plight remains true to the apostle. Paul was opposing works righteousness. Paul & The Law is a careful attempt to assault this crucial interpretive problem with a new strategy. Rather than taking a systematic, topical approach, Frank Thielman examines Paul's view of the law in context: the context of each letter's language and argument. While many studies have focused on Paul's explicit statements about the law, Thielman goes further in investigating those contexts where Paul's language is allusive and his view implied. The result is an illuminating and significant contribution to Pauline studies. Paul & the Law clarifies our understanding of Paul's perspective on the law in the light of his gospel of Jesus Christ, and it reaffirms the coherence and integrity of Pauline theology as it relates to this pivotal axis of his thought.

In June 1967 the American Bar Foundation undertook a study of utilization by the poor of legal services. The purpose of this research was to learn the extent to which low-income people availed themselves of legal service & to determine what factors affected their use of legal services. Distributed by William S. Hein & Co., Inc.

Poetry. Latino/Latina Studies. LGBT Studies. "Like Whitman, Quesada is a poet of motion-journeying to the center of the US, where the traditions and innovations of first-generation Americans traverse the meditative starbursts of hills; ford rivers; cross prairies; and seek out 'the alpenglow of tomorrow and tomorrow.' From Costa Rica to Los Angeles and across the continent, Quesada's poems chronicle one family's history: from the courtship of his parents to their separation, from his childhood struggles to awakening desire from his mother's lottery winnings to his own personal losses, Ruben Quesada carries us toward 'that seam in space' where dream and experience intersect. This isn't the story of what it means to come to this country. It's the story of what it means to belong here"-D. A. Powell.

Why are women so critical of themselves and so critical of each other? United and secure, we can create unwavering strength (and an abundance of good) for our world. But, sadly, our unhealthy fixations often prevent us from realizing both our tremendous influence and the happiness we are meant to experience. When we are unhappy, instead of living lives that are full and connected, we tend to make unhealthy choices that create literal hell: in our own lives, within our families, our workplaces and communities. Inside this book, you will find encouraging words on how to free yourself from the seven emotional roles that prevent women from being their best, healthy, connected selves. You are meant to be happy! So, choose to live a life of happiness because, inevitably, what you choose to create -or destroy- will be what you receive in return. Choose happiness!

In this clever book, bestselling author Richard Templar delivers a collection of principles, tactics and techniques that will make sure things always get done, without you ever having to break a sweat or stay up into the small hours to do it. These pithy, self-contained ideas are so straightforward that you can even read the book itself without trying too hard

From the New York Times bestselling author of Shoe Addicts Anonymous and Always Something There to Remind Me comes a delicious new novel about the search for true love and all the ingredients that go into it. As far as Gemma is concerned, her days of dating are over. In fact, it's her job to cater other peoples' dates, and that's just fine by her. At thirty-seven, she has her own business, working as a private chef, and her life feels full and secure. She's got six steady clients that keep her hands full. There's Lex, the fussy but fabulous department store owner who loves Oysters Rockefeller and 1950s comfort food; Willa, who needs to lose weight under doctor's orders but still believes butter makes everything better; a colorful family who may or may not be part of the Russian mob; an überwealthy Georgetown family; the picture-perfect Van Houghtens, whose matriarch is "allergic to everything"; and finally, a man she calls "Mr. Tuesday," whom she has never met but who she is strangely drawn to. For Gemma, cooking is predictable. Recipes are certain. Use good ingredients, follow the directions, and you are assured success. Life, on the other hand, is full of variables. So when Gemma's takes an unexpected turn on a road she always thought was straight and narrow, she must face her past and move on in ways she never would have imagined. Because sometimes in life, all you need is a little hope, a lot of courage, and---oh yes---butter.

Most readers do not know about the Bible used almost universally by early Christians, or about how that Bible was birthed, how it grew to prominence, and how it differs from the one used as the basis for most modern translations. Although it was one of the most important events in the history of our civilization, the translation of the Hebrew Scriptures into Greek in the third century BCE is an event almost unknown outside of academia. Timothy Michael Law offers the first book to make this topic accessible to a wider audience. Retrospectively, we can hardly imagine the history of Christian thought, and the history of Christianity itself, without the Old Testament. When the Emperor Constantine adopted the Christian faith, his fusion of the Church and the State ensured that the Christian worldview (which by this time had absorbed Jewish ideals that had come to them through the Greek translation) would leave an imprint on subsequent history. This book narrates in a fresh and exciting way the story of the Septuagint, the Greek Scriptures of the ancient Jewish Diaspora that became the first Christian Old Testament.
