Archaeology Of Mind  
Neuroevolutionary

Traditional behavioral and cognitive neuroscience have yet to provide satisfactory answers. The Archaeology of Mind presents an affective neuroscience approach which takes into consideration basic mental processes, brain functions, and emotional behaviors that all mammals share to locate the neural mechanisms of emotional expression.

The Archaeology of Mind: Origins

Neuroevolutionary Origins of ...

The Archaeology of Mind is

Panksepp's second attempt at exploring the topic of affective neuroscience, and this text comes off as significantly more readable than his previous. There are instances where he goes into unnecessary issues surrounding particular topics, and he leaves off some potential affective systems that are too related to sensory experience.
