engineering relate to those in other knowledge worker groups within Microsoft. Identifying the similarities and differences between domains' perceptions can help us understand what conditions are likely to make manager practices effective. In this paper: 1. Rethinking Productivity in Software Engineering: <https://www>.

What Makes a Great Manager of Software Engineers?

professionalism. Civil engineers with professional engineer (P.E.) licenses are fairly common, and if a civil engineer expects to perform work on public facilities, getting the P.E. license should be a priority. A key word that arose in the 1980s and will remain important for civil engineers for many years to come is "infrastructure".
