Crystal Reiki: A Handbook for Healing Mind, Body, and Soul

But Reiki gives fast relief, perfect for busy people like you and me. First degree practice is easily learned by anyone with the interest. I saw that becoming a Reiki master would empower me to empower my clients to practice Reiki self-treatment (which often invokes a meditative state). So that 's what I did. It was 1990.

Pamela's Story—Reiki, Medicine & Self-Care with Pamela Miles

The excerpt is taken from the original handbook of the founder of Reiki, written for Japanese students around the year 1925. The former Usui Reiki Ryoho Gakkai head, the late Mrs. Kimiko Koyama, handed out this copy to her students. With kind permission by Richard Rivard. The following text is for historical documentation only.

Light On The Origins Of Reiki: A Handbook for Practicing

A journey towards the origins of Reiki as it evolved from Mikao Usui's first inspirations, showing you how it was traditionally taught and practiced in Japan in the mid-thirties of the last century, including many valuable practical applications and cultural background including the traditional Master-disciple relationship, Dr. Hayashi's lectures in the Reiki seminars, natural body cleansing and Byosen (energetic empathy).

This complete manual, in conjunction with traditional training, is an excellent guide to understanding Reiki and its spiritual practices.

An illuminating guide to one of the fastest-growing spiritual healing practices in the world and an essential tool for anyone ready to bring healing into his or her life. Perhaps the gentlest healing therapy in the world, Reiki originated in early twentieth-century Japan. In this indispensable guide to Reiki, one of the foremost experts traces the origin and development of the practice, detailing how and why it restores and renews the human body in ways we've only begun to understand. A pioneer in bringing Reiki into mainstream medical practice, Miles draws on her unique background to explain how this therapeutic technique, which involves a gentle laying on of the hands, complements conventional medical treatments and can hasten recovery from invasive surgical procedures, as well as ease the symptoms of cancer, insomnia, depression, anxiety, and other conditions. With compassion, wisdom, and the accumulated experience that comes from nearly twenty years as a Reiki practitioner, Pamela Miles empowers readers by showing how simple it is to take.

Reiki is an ancient and profoundly simple system of " laying on of hands " healing derived from Tibetan Buddhism. In the West, Reiki has been kept highly secret for many years. ESSENTIAL REIKI presents full information on all three degrees of this healing system, most of it in print for the first time. Teaching from the perspective that Reiki healing belongs to all people, Diane Stein breaks new ground in her classic guide to this ancient practice. While no book can replace the directly received Reiki " attunements, " ESSENTIAL REIKI provides everything else that the healer, practitioner, and teacher of this system needs.

Rediscovered documents on the origins and developments of the Reiki system, as well as new aspects of the Reiki energy.

The traditional symbols of the Usui System of Reiki take a key position in this unique tradition. Without them and their mantra's, Reiki is not possible. The dedication rituals necessary for the practice of Reiki as well as the complex healings can only be accomplished on the foundation of Usui symbols with the certainty and effectiveness one expects from Reiki. Written in a remarkably precise and lucid style by two foremost authors on Reiki, this compendium reveals indispensable information of tremendous spiritual value.

The definitive text on Reiki-for students, practitioners, and Masters alike-from one of the most respected Reiki teachers today. Reiki is a holistic system for balancing, healing, and harmonizing all aspects of the person-body, mind, emotions, and spirit-encouraging deep relaxation and the release of stress and tension, and promoting awareness and spiritual growth. This comprehensive manual provides much-needed support for students and teachers who want to follow the best practices. Covering Reiki levels 1, 2, and 3, this book conveys information in an accessible, structured, and interactive way to enhance the reader's understanding, knowledge, and experience of the practice. The final section of the manual contains reference material specifically for students who wish to become professional practitioners, and for Masters who want to broaden their training. This section also offers the foundation for additional courses or workshops on topics such as health and safety and managing a successful practice. The Reiki Manual can be used: as student preparation before a Reiki class; as a textbook during Reiki courses; as post-course reading, or for reviewing what has already been learned (it includes revision questions and revision activities); by Reiki practitioners to help them practice in the best, most professional way; and by Reiki Masters as a guide to devise and deliver a Reiki course. More extensive than any other Reiki book on the market, The Reiki Manual will be referred to by lay readers as well as devoted students for many years to come!
