## Psychology Of

A major contribution to the social scientific understanding of how people make sense of their lives, *Ideological Dilemmas* presents an illuminating new approach to the study of everyday thinking. Contradictory strands abound within both ideology and common sense. In contrast to

# Read Book The Social

many modern  
theorists, the authors  
see these dilemmas  
of ideology as  
enabling, rather than  
inhibiting: thinking  
about them helps  
people to think  
meaningfully about  
themselves and the  
world. The dilemmas  
within ideology and  
their effects on  
thinking are explored

# Read Book The Social

through the analysis of what people say in specific key situations: education, medical care, race and gender. The authors identify common ideological themes running through the common-sense discourses they analyse. They highlight the tensions between themes of

# Read Book The Social

Psychology Of  
Everyday  
Politics

equality and authority, freedom and necessity, individuality and collectivity. Time and again, the contradictions between these ideological themes crop up as respondents argue and puzzle over their social worlds. Written with refreshing clarity, the discussion cuts

# Read Book The Social

across the boundary  
which often separates  
sociology from social  
psychology.

Sociologists are  
reminded that the  
reproduction of  
ideology involves  
individual processes  
of thinking; social  
psychologists are  
urged to recognize  
the ideological nature  
of thought.
